2. Event Objectives

1. To create awareness of NEP 2020: To sensitize faculty members to the key provisions, principles, and implementation strategies of the National Education Policy (NEP) 2020 for enhancing the quality, flexibility, and multidisciplinary nature of higher education.
2. To strengthen Outcome-Based Education (OBE) practices: To develop faculty understanding of Course Outcomes (COs), Programme Outcomes (POs), Programme Specific Outcomes (PSOs), Bloom's Taxonomy, outcome attainment, and outcome-based assessment methods.
3. To promote learner-centric teaching and continuous improvement: To encourage the adoption of innovative pedagogical practices, competency-based learning, experiential learning, and assessment strategies aligned with expected learning outcomes and quality assurance requirements.

SDG(s) Addressed	:	SDG 4, SDG 9, SDG 17
Programme Outcomes (POs) Addressed	:	--

P.T.O.

3. Key Outcomes of the Event

1. Enhanced Faculty Awareness: Faculty members gained an improved understanding of the key provisions of NEP 2020 and its implications for curriculum design, teaching-learning practices, and higher education quality enhancement.
2. Improved Understanding of OBE Implementation: Faculty members developed a better understanding of formulating Course Outcomes (COs), mapping COs with Programme Outcomes (POs) and Programme Specific Outcomes (PSOs), applying Bloom's Taxonomy, and assessing outcome attainment.
3. Strengthened Teaching-Learning Practices: The event encouraged faculty members to adopt learner-centric, experiential, and competency-based teaching and assessment methods aligned with the expected learning outcomes and quality assurance requirements.
4. Support for Continuous Quality Improvement: The sensitization programme strengthened faculty preparedness to implement NEP 2020 and OBE practices, contributing to continuous improvement in academic processes and institutional quality assurance.

4. Event Description

The event was organized to sensitize faculty members to the implementation of NEP 2020 and the Outcome-Based Education (OBE) framework, focusing on curriculum development, outcome attainment, stakeholder engagement, and continuous quality improvement.
The following key points were discussed and recommended for implementation:
1. Semester Planning: Define and document curricular and co-curricular activities at the beginning of Semester I.
2. Stakeholder Surveys: Identify stakeholders for feedback, including students, alumni, employers, industry experts, and higher education institutions where students and alumni pursue further studies. Conduct structured surveys to obtain feedback for academic improvement.
3. Semester-wise Projects: Incorporate projects in every semester to facilitate the attainment of Programme Outcomes (POs).
4. Activity Integration: Integrate relevant co-curricular and extracurricular activities with individual courses or groups of courses wherever appropriate.
5. Activity-based Assessment: Refer to research papers and best practices on assessing student learning through activities.
6. External Evaluation: Involve alumni, industry experts, and employers in evaluating students' competencies and performance.
7. Quality Culture: Implement the Plan–Do–Check–Act (PDCA) cycle at course and programme levels. Conduct discussions among school faculty at least once every month to review progress and identify improvements.
8. LOCF Implementation: All faculty members and School Directors should study the UGC-published Learning Outcomes-based Curriculum Framework (LOCF).
9. Student Portfolio Development: Strengthen students' LinkedIn profiles through portfolio management that highlights their skills, competencies, projects, and achievements.
10. Industry-aligned Curriculum: Review industry requirements and emerging skill demands through LinkedIn and other relevant platforms to facilitate necessary curriculum revisions.
11. Course and Assessment Design: Refer to the Vanderbilt University Center for Teaching

website for guidance on effective course design, teaching strategies, and assessment practices.

12. Higher-order Thinking: Design open-ended assignments and projects that encourage critical thinking, creativity, problem-solving, and higher-order cognitive skills.

Outcomes: The event enhanced faculty awareness of NEP 2020 and OBE, promoted systematic CO–PO mapping and attainment, encouraged stakeholder participation in student assessment, and reinforced a culture of evidence-based academic planning and continuous quality improvement across schools.
