

<b>Name</b>	: Dr. Sanjay Kumar
<b>Highest Education Qualification</b>	: PhD in Biological Engineering (Nano-biotechnology)
<b>Institute name</b>	: Indian Institute of Technology Gandhinagar
<b>Teaching Subjects</b>	: Scope of Bioengineering; Environmental Science & Engineering; Therapeutic Nutrition; Food Safety, Quality & Regulations; Fundamentals of Food Additives & Preservation; Bio-sensors; Food Processing & Engineering; Bioethics, IPR & Entrepreneurship
<b>Research areas of interest</b>	: Nano-Biotechnology:- Biomass valorisation; Bio-sensing & Bio-imaging; 3D Nano-scaffolds; Nano-cell & gene therapy
<b>Primary contact</b>	: 9638904609; 6351187884
<b>Official email</b>	: sanjaypratap.cct@gmail.com
<b>Publications/Patent (best 5)</b>	
1. <b>Kumar, Sanjay</b> ; Sharma, Pramila; Ratrey, Poonam and Datta, Bhaskar; “Reusable Nanobiocatalysts for the Efficient Extraction of Pigments from Orange Peel”, <i>Journal of Food Science &amp; Technology</i> , 2016; 53(7), 3013–3019.	
2. <b>Kumar, Sanjay</b> ; Morya, Vinod; Gadhavi, Joshna; Vishnoi, Anjani; Singh, Jaskaran and Datta, Bhaskar; “Investigation of Nanoparticle Immobilized Cellulase: Nanoparticle Identity, Linker Length and Polyphenol Hydrolysis”, <i>Heliyon</i> , 2019; 5, 43586.	
3. <b>Kumar, Sanjay</b> ; Krishnakumar Guru, V.; Gupta, Morya, Vinod; Sharad and Datta, Bhaskar; “Nanobiocatalyst Mediated Quercetin-rich Onion Extract as a Potent Inhibitor of Tau Protein Aggregation”, <i>International Journal of Biological Macromolecules</i> , 2019; 138, 168–180.	
4. <b>Kumar, Sanjay</b> ; Morya, Vinod and Datta, Bhaskar, “Application of Nanobiocatalysts on Food Waste”, Book chapter in <i>Enzymes in food Biotechnology</i> , Elsevier, 2018, ISBN: 9780128132807.	
5. <b>Sanjay Kumar</b> , Bhaskar Datta and Pramila Sharma “Nanobiocatalyst and a Method of Detecting Organophosphorus Herbicides in Water”, <i>Patent application No. 201621013049, 2017.</i>
